**Time: 9:00 to 17:00 (1 hour lunch break, lunch is not provided but is available on Campus)**

**Where: BCIT, Burnaby Campus Room SW3 2790**

**Registration:** <http://www.bcit.ca/study/courses/geom0135> (opens after August 30th)

**Cost: \$95**

This study is designed for those who are planning to write the CBEPS (Canadian Board of Examiners for Professional Surveyors) exam on Syllabus item C-3 (Advanced Surveying) or for those who intend to have foundation understanding of the principles and scope of advanced surveying. This is a 7-hour study that will include:

- Reviewing the current CBEPS (Canadian Board of Examiners for Professional Surveyors) learning outcomes and study guide of Advanced Surveying subject.
- Providing the students with strategies for logically approaching Advanced Surveying problems.
- Providing the students with opportunity to review sample past CBEPS exams in order to understand what are involved and required in those exams.

The students can also suggest sample questions for review during the study session; however, --- preference will be accorded to those questions suggested to the instructor at least one week prior to the study session by emailing the question to [John\\_Ogundare@bcit.ca](mailto:John_Ogundare@bcit.ca).

Please Note: The seminar requires a minimum of 9 registrations to operate.
