

Coquitlam: where urban vitality combines with abundant natural beauty and a thriving cultural milieu. The City of Coquitlam, approximate population of 125,000, is carving out a unique presence that is attracting more and more people to its neighbourhoods and significant investment into its infrastructure.

Drafting Technician

Reporting to the Municipal Land Surveyor this position will be responsible for preparing complete work drawings for the planning, construction and installation of a variety of municipal engineering services. The work involves investigating and making recommendations regarding the development of computer assisted drafting, installing and evaluating new software and hardware, and modifying drafting software. Working closely with engineering technicians on assigned projects, drafting assignments are received in broad outline in the form of rough plans and layouts, survey data and general instructions.

Your background includes completion of Grade 12 supplemented by courses in drafting and related subjects at a technical institute, plus two to five years related experience in municipal or civil drafting or an equivalent combination of training and experience. BC Driver's License required.

The CUPE hourly rate of \$27.06 - \$31.87 is offered, plus a competitive benefits package. Please submit a cover letter and résumé, citing reference #ABCLS2010-100556, by 5:00 p.m., July 14, 2010 to:
