

Island

Land Surveying Ltd.

Peter I.M. Broeren, BCLS, PEng
Jason C. Kozina, BCLS

Island Land Surveying Ltd. has an opening for a survey technologist. This position will involve both office & field aspects of land surveying. The successful candidate will undertake file preparation, field surveying, office calculations and drafting with MicroSurvey software. The position allows for increased responsibilities with increased compensation to reflect. Diploma in Geomatics or equivalent experience required. The position is full time but we can accommodate part time if required. We offer a competitive compensation package based upon qualifications and experience.
